

HOT MELT SEALANT

中空玻璃热熔胶

产品简介:

中空玻璃热熔胶是新一代绿色环保的优质产品，专为中空玻璃工业而设计，它对玻璃和铝有超级粘结力，具有良好的防水性，故不需要双道密封，单道密封就可以解决中空玻璃的密封问题。

单组份中空玻璃热熔胶的特点:

1. 密封效果好，质量容易保证；
2. 无需固化期，节省占地面积（一分钟固化）；
3. 属环保产品，使用无浪费，环境清洁；
4. 节省您的时间、原材料、工作人员、降低生产成本。

General Description:

HOT MELT SEALANT is high quality green product of a new generation, and is produced especially for insulating glass. It is able to yield outstanding adhesion to glass and aluminum, as well as excellent resistance against water, which enables single sealing to solve the structural and sealing problem of insulating glass.

Features:

1. Excellent sealing ability to ensure the quality of glass;
2. One minute curing to save floor space;
3. Green product to keep the environment clean;
4. Time-saving and cost-reducing.
